

Experience

DATA ENGINEER | QUALITEST AT ELBIT SYSTEMS | JUNE 2022 - MARCH 2023

- **Algorithmics R&D Team:** Supported several ML projects, gaining deep understanding of machine learning processes.
- **Data Selection and Curation:** Managed ETL processes for dataset selection and curation for AI model training, ensuring data quality and relevance, resulting in significant model performance improvements.
- **Performance Metrics:** Conducted rigorous tests and analyses, leading to substantial improvements in key performance metrics, including F1 score and mean Intersection over Union (mIoU).
- **Data Pipeline Development:** Designed, built, and maintained efficient data pipelines for storage, processing, loading, and analysis.
- **Technical Skills:** Proficient in Python, and experienced with tools and libraries such as NumPy, pandas, OpenCV (cv2), CVAT, DataLoop, PyTorch, and SQL.
- **Version Control:** Managed source control with Git, GitLab, and GitHub.
- **Operating Systems:** Worked with Linux, Windows, and VxWorks.

QA AUTOMATION ENGINEER | QUALITEST AT ELBIT SYSTEMS | MARCH 2021 - JUNE 2022

- **Automation Testing for Real-Time Machines:** Developed and executed automation tests specifically designed for Real-Time Machines, ensuring accuracy, efficiency, and reliability in testing operations.
- **Testing Methodologies and Practices:** Proficient understanding of various testing methodologies and practices, specializing in unit testing and integration testing to ensure robust software quality and reliability.
- **Test Documentation:** Skilled in creating comprehensive Software Test Reports (STR), Software Test Descriptions (STD), and Software Test Plans (STP) to ensure thorough testing coverage and clear communication of test objectives and results.
- **Technical Skills:** Proficient in Python, and experienced with tools and libraries such as NumPy, pandas, PyQt5, TCP/UDP etc.
- **Version Control:** Managed source control with Git and GitLab.
- **Operating Systems:** Worked with Linux, Windows, and VxWorks.

AVIONICS TECHNICIAN | ISRAEL DEFENSE FORCES | APRIL 2018 - DECEMBER 2020

- Team lead in Electronic Warfare.

Education

BACHELOR'S DEGREE, COMPUTER SCIENCE | MARCH 2023 – PRESENT | THE OPEN UNIVERSITY OF ISRAEL
