Experience

October 2023 - Present

Reserves, IDF Central Command

Emergency System Operator

- Led a project to gather feedback from reservists regarding employee salaries and social security payments, aiming to improve their overall experience and satisfaction.
- Developed and implemented a tracking system using Microsoft Excel to keep record of all reservists contacted via phone, documenting their concerns, and conducting follow-ups with those who were initially unavailable.
- Managed a team of 4 reservists, overseeing their daily activities and ensuring project objectives were met.
- Achieved outreach to 80% of the targeted 7,000 individuals within a tight 3-month time frame.

2022 - 2023

"Or Movement" Association, Be'er Sheva

Absorption Coordinator

- Ensured the fulfillment of all requirements for relocating families and individuals, prioritizing essentials such as healthcare, daycare and employment through diligent assessment and prioritization.
- Collaborated with towns and cities to assess population needs and resource availability, facilitating matches for new families or individuals seeking to relocate.
- Developed expertise in navigating complex absorption processes, demonstrating patience and understanding to align with the demands and availability of towns with the needs of relocating individuals.

2022 - 2023

Ben Gurion University of the Negev

Head of Community Against Sexual Harassment

- Employed diverse recruitment strategies targeting students and faculty members from a variety of university departments to ensure comprehensive representation within the community.
- Produced content, including written material and graphics, in multiple languages, fostering inclusivity and promoting accessibility and engagement across a broad audience.
- Analyzed interview data from students, faculty members, medical professionals and administrative staff to identify departments with vulnerable populations. This helped guide them effectively within the university system and provide suitable support and courses of action.

2021 - 2022

'The Mental Health Center in Be'er Sheva'

Specialization in social work

- Coordinated patient intake processes, involving thorough psychosocial assessments to evaluate the patient's social, emotional, and psychological state using the bio-psycho-social model.
- Developed comprehensive treatment plans to address individual needs and conducted private counselling sessions.
- Advocated for patient rights while providing empathetic support to families coping with challenging circumstances.

Military Service

2016 - 2018

Battalion 98

Emergency System Operator

- Utilized sophisticated computerized emergency recruitment systems, ensuring seamless and efficient operation throughout the recruitment process.
