Profile, Pervious jobs, and life experiences

Education:

Ben-Gurion University of the Negev, Beer Sheva. October 2021- Present

Bachelor's degree in English Literature and Linguistics.

A fourth-year student at BGU

Language has always been a passion to me, as well as reading, writing, and speaking, and I want to make the most of it to achieve the desired goal. With a background in English literature and linguistics, I can tackle any challenge, no matter how hard or complex it seems. From small to big projects, I am always eager to learn and willing to put in any effort to achieve my goals. I take pride in my communication skills and always look for ways to improve and sharpen them. Since 2016, I've gained valuable experience in a variety of roles. As a Teaching Assistant, I've helped students improve their English speaking and reading comprehension. My work as a translator has allowed me to use my fluency in English, Hebrew, and Arabic to bridge language gaps and connect with diverse groups. My career has also included roles outside the academic world, from distributing bakery goods in my village to managing storage in a car accessories store, working as a storage clerk at Shufersal, and serving as a cashier at Ikea. Each of these roles has helped me develop strong organizational and people skills. My varied experiences pave the way for me to take on or address any job, and my dedication to language and communication makes me a versatile and valuable addition to any team.
