As a results-driven financial professional, I seek a Financial Controller role to apply my expertise in strategic financial management for organizational success.

Work Experience

2023-Today – International Tax Manager, Ernst and Young (EY)

- Manage international tax projects, collaborating with audit teams, transfer pricing teams and financial advisory teams to provide tax consultancy in various jurisdictions around the world, and to various type of entities, private companies, public companies, funds, partnerships, etc.
- Leading projects involving tax due diligences, corporate restructurings, and M&As.
- Spearheaded innovative tax measures, including complex intercompany transactions and tax planning, leading to a substantial reduction in groups tax payments.
- Showcased out-of-the-box-thinking by successfully interpreting the law to allow the deduction of nearly NIS 3 million expenses that are not generally deductible for tax purposes.

2020-2023 – International Tax Senior, Ernst and Young (EY)

- Earned recognition as "EY Champion" for adeptly navigating and implementing strategies in response to OECD's BEPS 2.0 legislation, being focal point and go-to-person in EY Israel.
- Auditing and preparing tax returns for companies, partnerships, and branches of foreign companies from various types of industries, including, high-tech, oil and gas, SaaS and cost-plus entities.

2018-2020 – Israeli Tax Authority, Student

- Orchestrated routing and monitoring of taxpayer reports, demonstrating a proactive and self-driven approach to responsibilities.
- Collaborated closely with CPAs and tax professionals to address inquiries and resolve complex tax issues.
- Applied strong analytical skills, honed through self-driven learning, to assess financial documentation and identify areas for tax improvement.
