University student seeking employment.
Committed to utilizing my skills to further
the mission of a company.

Key Skills

Programming Languages: C, C++,
Python, Java

Object-Oriented Programming

Education

BSc in Computer Science

University of Haifa | October 2020 - Present

- Data Structures
- Algorithm Design and Analysis
- Operating Systems
- Machine Learning

High School Graduate

Ort Motzkin | September 2013 - June 2016

Major in Physics and Computer Science

High GPA

Projects

Deep learning project (University of Haifa)

- Deep learning project designed to automate the process of image coloring. Utilizing advanced convolutional neural networks (CNNs), this project transforms grayscale images into vibrant, colorized versions.
- The model is trained on a large dataset of color images, learning to predict and apply realistic colors to monochrome images.

Employment History

Network Support Technician, IDF

| June 2017 - October 2019

- Provided outstanding technical support to clients, ensuring efficient resolution of issues.
- Demonstrated strong troubleshooting and problem-solving skills, contributing to enhanced system performance.
- Assisted in developing set-ups for newly developed products, ensuring smooth integration into existing systems.

Languages

- Hebrew: Native
- English: Highly Proficient
