Practical Software engineer with a certificate from the Technological Training Institute and She Codes Software Engineering, graduated **with honors and extensions** and a Python Backend Developer Bootcamp graduate with proven knowledge of the entire MERN stack and beyond.

Equipped with a diverse and promising skill-set. Proficient in various platforms, languages, and embedded systems. Able to effectively self-manage during independent projects, as well as collaborate as part of a productive team. Seeking a position as a Software developer to use my programming abilities to develop quality software products fitting clients' requirements.

EXPERIENCE

2023-2024 | Analysis of emergency events using sound waves, Internship [Abilisense](#)

- Designed application for real-time assistance during emergency events. empowering Safety for Every Generation.
- An entire project, combining Node server implemented with Express.js, and MongoDB, using external APIs. The front end is implemented with React-Native.

2023 | Network Graph Visualization, [Elevation](#)

- Developed a Graph Visualization Web Application - An entire stack project, combining a Python server implemented with FastAPI, and SQL DB, and using external APIs. The front end is implemented with React. Working with a graph data structure to visualize and manipulate the graph data.
- Highly rated by Elevation

2023 | Full Stack Project, School

- Developed a rental service that Arranged a rental
- using sql for db ,c# for backend and react for frontend. Written using OOD,SOLID principles and 3 layered architecture. improved with jwt,cookies ,entity framework
- Rated 95 by SHECODES

EDUCATION

2023 | Python Backend Developer, [Elevation](#) - [Course Page](#)

- An intensive 1-month coding Bootcamp that deep-dives into Python while highlighting industry best practices such as working with git, building a secured Python backend with FastAPI and unit testing.

2021-2023 | Software engineering studies on behalf of the Technological Training Institute, The Beit Yaacov Institute

- **Graduated with honors and extensions, GPA 97**
- advanced data analysis courses and Python on behalf of [SHECODES](#)

2017-2021 | High School Diploma, 5 units in English and Math, [Beit Yaacov High School](#)

- **Graduated with honors, GPA 92**
-

TECHNICAL SKILLS

Frameworks: React, .NET Core

Client Side: JavaScript (ES6), HTML,

Server Side and DataBase: Python, C, C++, Java, C#, FastAPI, SQL,

Pymysql, Pytest,MongoDB,Node-js

Tools: Git, working in collaboration in Github,postman

LANGUAGES

English Native/bilingual proficiency

Hebrew Native/bilingual proficiency

French Professional working proficiency
