### **Abstract**

Bachelor of Science student in Electrical and Electronics Engineering, with experience as a technician and team leader of RF and electro-optics systems from military service. Experienced in the operation of complex technological systems. Has experience with clear communication and management skills. Thorough, professional, and highly motivated.

### **Military Service**

**2018-2021:** Israeli Air Force Technician and Air Intelligence Team Leader in the fields of RF and electro-optics.

- Systematic understanding and maintenance of the RF and electro-optics equipment.
- Experienced in interface systems of ELTA Systems, Rafael Advanced Defense Systems, and Elbit Systems in the fields of RF and electro-optics.
- Locating and operating faults in a short time under pressure, in routine and emergency situations.

### **Work Experience**

**2021- present:** Private teacher for math and physics 3,4,5 units, as well as teaching students of pre-academic preparatory schools.

### **Education**

**2021- present:** Holon Institute of Technology ( HIT ).

B.Sc in Electrical and Electronics Engineering.

**2018:** Air Intelligence course of RF and electro-optics systems from military service.

**2012-2018:** Full matriculation (41 units) average 109,

Bnei Akiva Yeshiva High School, Bat Yam.

5 units each in: physics, electronics, computers, English and mathematics.

### **Additional Information**

- Knowledgeable in the programming languages: C, Python and MATLAB.
- Excellent Army Base Service Award.
- Excellent Army Apprenticeship Award.

### **Languages**

**Hebrew:** Native Language.

**English:** Professional Working Proficiency.
