SUMMARY

Passionate software engineer with a knack for solving complex problems and delivering innovative solutions. Committed to continuous learning and thriving in dynamic team environments. Excited to contribute to the ever-evolving tech industry.

WORK EXPERIENCE

Cyber Education Center	Sep 2023 - Present
<ul style="list-style-type: none">Part-time Computer Science Instructor at a cyber education center, specializing in Python programming and network subjects. Engaged in projects and research on cyber attacks, preparing students for elite military units like Unit 8200 and other technological roles in cybersecurity.	
Volunteer in Cyber7 at "Haravot Barzel"	Oct 2023 - Jan 2024
<ul style="list-style-type: none">As a cyber analyst and software developer at Cyber7, I played a crucial role in combating fake news on social media during the war using a Python Selenium-powered Telegram bot to automate responses to misinformation. I analyzed websites for conflict-related corruption and developed robust cybersecurity measures, actively contributing to a more secure digital landscape.	
Bachelor of Science in Software Engineering	Feb 2021 - Present
<ul style="list-style-type: none">Coordinated project tasks, ensuring adherence to engineering standards and regulations.Conducted comprehensive project analyses, identifying and rectifying discrepancies in engineering designs.	

EDUCATION

Bachelor of Science in Software Engineering	Feb 2021 - Present
Sami Shamoon Engeenering College	
<ul style="list-style-type: none">- Proficient in cybersecurity, secure coding, and penetration testing.- Strong in Python, C, C++, Java, and full-stack development.- Experienced with security tools and frameworks.- Completed various software and cybersecurity projects.- Knowledgeable in OOP, data structures, networking, databases, and algorithms.- Specializing in threat analysis and network security.- Skilled in encryption, data security, agile leadership, and collaborative problem-solving.	

ADDITIONAL INFORMATION

- Technical Skills:** Cybersecurity, Focus on threat analysis, network security, programming and Automation.
- Languages:** English, Hebrew, Russian.
- Military Service:** Two years of military service in operational mercy.
- Awards/Activities:** Cybersecurity volunteering during war "Haravot Barzel".
