

Avishay Peskin

Fullstack Web Developer

Frontend Web Developer with proficiency in HTML, CSS, JavaScript, and fullstack technologies. Committed to continuous learning and problem-solving, with a passion for user-centric design. Experienced in crafting engaging web interfaces and prioritizing usability and accessibility. Eager to contribute, learn, and grow in dynamic environments.

PROJECTS

News Explorer — [Website](#) | [Code](#)

Tech used: React, Node.js, Express, MongoDB, Jest, News API, Figma

- Developed a responsive web application with a focus on user experience, performance, and Figma-guided design for UI consistency.
- Built an efficient backend with Node.js, managing data using MongoDB to support robust and secure data interactions.
- Integrated [News API](#) to fetch real-time news articles, enriching the application with dynamic and up-to-date content.

Around the US — [Website](#) | [Code](#)

Tech used: React, Node.js, Express, MongoDB, JSON Web Token, Jest

- Developed a social platform backed by a Node.js and MongoDB infrastructure, enabling users to share pictures, like posts, and manage their profiles with an intuitive interface and smooth navigation.

Tech Landing Page — [Website](#) | [Code](#)

Tech used: React, Tailwind CSS, GitHub Pages

- Developed and deployed a responsive news homepage, hosted on GitHub Pages to ensure accessibility and visibility.

EXPERIENCE

Finastra - Workplace Coordinator

2022 - 2023

- Coordinated daily operations, assisting employees and ensuring smooth workflow within a high-tech, fast-paced environment.
- Leveraged Excel for data management, maintaining detailed employee records and effectively tracking individual progress.

IDF Air Force - Corps NCO

2018 - 2021

- Facilitated essential communications between senior officers, ensuring smooth information flow and effective decision-making.
- Acted as a go-to resource for senior officers experiencing HR-related challenges, providing solutions that aligned with established policies.
